

Products : **365CleanBot-K1**

20kPa Superior Vacuum Performance

With **20kPa high-pressure suction** and a **10L large dust bucket**, extracts hidden dust, mites, and debris from carpets.

10L Large-Capacity Dust Bucket

A 10L high-capacity dust bucket supports extended operation with minimal intervention, reducing the need for frequent emptying and improving overall cleaning efficiency.

Ultra-Compact for Narrow Areas

A 42cm narrow body allows the robot to pass through tight aisles and clean beneath desks and furniture. It features 0cm edge cleaning for comprehensive corner coverage.

Tangle-Free, Carpet-Friendly

Innovative V-shaped anti-tangle roller brush that actively prevents hair wrap, maintaining cleaning efficiency and protecting carpet texture.

Highly Automated – True Intelligence, Hands-Free

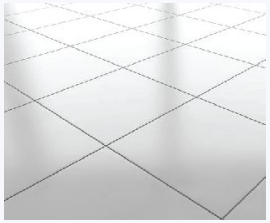

Smart navigation with loop cleaning routes and multi-sensor fusion ensures accurate obstacle avoidance, while autonomous gate passage and independent elevator riding enable seamless, hands-free movement across multiple floors.

Applicable Ground

Artificial Stone

Ceramic Tile

Epoxy Floor

Marble

Sandstone

Long Haired Carpet

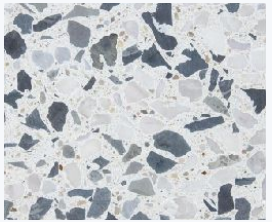

Short Haired Carpet

Wooden

Wood Grain Tile

Terrazzo Tile
